

A meeting of the Democratic Central Committee of Iron County will be held in the courthouse, Ironton, Mo., Saturday, October 5, 1918, at 2 o'clock p. m. Business of importance is to be transacted and it is very much desired that every member of the committee be in attendance.

B. P. BURNHAM, Secretary.

The war news continues good. Bulgaria has agreed to the "unconditional surrender" proposition of the Allies, and the drive on the western front goes on, with big captures of Hunns and guns and other war material.

Des Arc Items.

J. B. White, formerly of Grandin, in Carter county, at present President of the Forest Lands Company at Oakdale, Louisiana, has bought thirty cars of the Ozark Valley Railroad and a man is now at Williamsville loading them out. I met Mr. White some time ago on his way to Grandin. You ought to see how glad everybody, especially his old hands, were to see him. He gave several old feeble men and women a contribution to help them along. He runs five mills in Louisiana. I understand that the party who owns the Ozark Valley Railroad has offered that part of the railroad that runs from Williamsville to Greenville for \$90,000. This includes one locomotive, rolling stock and depots. Greenville will always be a good town, as it is in a good farming country. They now haul lumber on trucks to Piedmont.

I am sorry that an epidemic has broken out among our soldiers. Sickness caused more deaths than bullets during the civil war. The saddest time of my life was during the battle around Richmond. I was taken down with typhoid fever and sent to a hospital in Richmond. While the battle was raging they brought wounded soldiers in so fast that the doctor said to me (I was then very low and could not sit up) "have you a mother and father?" I told him that I had and that they lived near Charlottesville. He said, "I will wire them to come and take you home. We can't look after you as we like." So he sent the message. By 4 o'clock the next day the doctor came to me and said, "Your mother is here; now don't get excited." In less than a moment my mother came and fell down on her knees beside my cot. That was a happy moment for me. ISAAC.

Annapolis News.

Fine weather; good time to sow grass and wheat. Several parties from a distance been here recently looking over the lead prospecting.

Mr. and Mrs. Clarence Moss are suffering with chills and fever. Elmer Lucy and wife visited her mother, Mrs. Loyd, near Vulcan, last week. Mrs. Lucy, who has been in poor health, is much improved.

Elmer Lucy has bought a good team and is hauling ties and props. Wm. Funk, Jr., went to Piedmont to-day.

Jesse Cook and family went to Piedmont to-day, where he is employed as janitor of the public school building.

E. Kichelberger and wife of Piedmont were in Annapolis last week looking after their interest in the estate of James W. Castle, deceased. Mr. Kichelberger has purchased the interest of nearly all the heirs to the farm and expects to buy the others out soon. He expects to build a residence on the place and do some fencing this winter. Mr. Kichelberger is employed as a machinist in the roundhouse at Piedmont and makes from \$5 to \$8 a day.

Arthur Paris is now in France. His father, David Paris, received a letter Sunday morning, announcing his arrival. He was seven days on the sea. W. H. Dunn is building a new shop. Wm. Moss is also putting up a new shop on leased property in the west end of town.

Marion Lewis, of Des Arc, and son, Charles, of Annapolis, made a trip to Taskee to look at a large farm they are thinking of buying. They are good citizens and we would hate to see them leave Iron county.

Some people are complaining that much gambling is being done in this vicinity. There is almost a corn meal famine here. The price is \$2.80 a bushel. The widow Fancher is moving to-day into the Hopkins property owned by Gus Funk.

Wm. Robinson of Flat River is visiting his brother, Andee, near here. John R. Harris and Andee Robinson are on a trade for a woodsaw mill. Charley Harris has gone to Grandin after his brother and sister who went to that country last fall with Pete Young. They will return to the home of their father, Noah S. Harris, here.

BULLETIN.

Congressman Hensley Back From War Front.

Congressman Walter Hensley was one of a group of Congressmen who recently visited the war front in France and on his return gave out the following interview:

The French people realize that to 8,000 American marines they owe the prevention of the Hunns from taking Paris, according to Representative Hensley of Missouri, a member of the naval affairs committee, who has just returned from a tour of inspection of the war front.

"One day," he said, "there was nothing between Paris and the German hordes except about 8,000 American marines, and it was their stand that saved the French capital at that time."

Gen. Pershing," he added, "hopes to win the war within a year, and win it in the greatest sense of the word." You know Gen. Pershing is a Mis-

sourian. I met him one day. I was tremendously impressed with him. "Missouri and our whole country are proud of you," I told him. "I am proud of being a Missourian," he replied.

"We are closing in on the German submarines," Mr. Hensley continued. "We are making their lives miserable. We made a careful survey of the air-plane situation. It is lamentable that we did not have more airplanes for our army over there earlier. Our casualties would not have been so great. The Germans many times were able to fly low and shoot at our men before we got enough machines available. The situation now is vastly improved."

The British espionage system is great. They know the number and location of practically all the various submarines at any time and they co-operate with all the allies in keeping everybody posted."

The State Board of Health advises Dr. Marshall that "influenza" is contagious, and no largely attended funerals should be permitted of persons dying thereof.

A Thorough Test

One to Convince the Most Skeptical Ironton Reader.

The test of time is the test that counts. Doan's Kidney Pills have made their reputation by effective action. The following case is typical. Ironton residents should be convinced.

The testimony is confirmed—the proof complete. Testimony like this cannot be ignored.

Anderson Rust, Ironton, says: "I was badly in need of something that would relieve me of lameness and aching in my back. The kidney secretions were too frequent in passage, especially at night and sometimes accompanied by pain. A short use of Doan's Kidney Pills, which I got at the Arcadia Valley Drug Co., entirely cured me."

NO TROUBLE SINCE

Over three years later Mr. Rust said: "I have never had any return of kidney complaint and am as strong in praise of Doan's Kidney Pills now as ever."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rust had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Adv.
